Security Whitepaper v5

LIVE TEST CONTENT: synthetic. Fictional product and companies, for testing only.

Document date: 2024-06-10 | Product version: 5.4

1. Encryption

• Data at rest is encrypted with AES-128.

• Data in transit is protected with TLS 1.2.

2. Penetration testing

An independent security firm performs a penetration test once a year. Critical findings are remediated within 30 days, and a summary is available to customers.

3. Disaster recovery

• Recovery time objective (RTO): 8 hours.

• Recovery point objective (RPO): 1 hour.
